\*Dr. David Dyson and Col. Stretch Dunn wrote this book for veterans, students, and other patriots to encourage action to develop and serve as good citizens, plus to help more Americans know that America's Veterans Day started in Alabama. The program Patriotism in Action led by Col. Barefield grew out of this work. *Professionalism Under Stress* is the companion book.

**Thanks to Kevin Arrington, Director of Boutwell Auditorium, for providing our meeting space.**

10/14/2011 Life Leaders, Col. Bob Barefield (US Army, Retired) and Dr. David Dyson, editors
